

Bringing Life Home

Annual Report 2023

Message from our Founders

In 2023, we remained deeply committed to our mission—walking alongside children who need extra support, no matter the challenges. This year, we were proud to complete several meaningful projects:

Through the India Survival Project, we provided warm sweaters to children in need. We continued our partnership with Tong Len in Dharamshala, including the sponsorship of two children, helping ensure they received the essentials and opportunities they deserve. In response to urgent global needs, we also extended financial support to Save the Children Federation for earthquake relief efforts. Every act of support counts. Every child matters. And thanks to your generosity, we were able to live out that truth once again in 2023. From the bottom of our hearts, thank you for making it all possible.

— Vasu Agrawal and Tenzin Sonam
Co-Founders, *Bringing Life Home*

Mission Statement

To improve the quality of life of children in orphanages in developing countries by providing living necessities while creating an atmosphere of love and hope to mold them into future leaders.

2023 Projects

01. Child Survival India Project

In January 2023, Bringing Life Home partnered with the Sweater Weather Project to help keep children in school warm across India. Thanks to generous donations through Facebook, Venmo, and their website, the initiative raised enough funds to provide 205 sweaters to children at two schools run by the Center for Social Security Action & Research (CSSAR).

Money Donated \$919
Kids Impacted 82

02. Tong Len School Sponsorships

Bringing Life Home has been able to continue our sponsorship of Anish and Rudra for the 3rd year thanks to the donations of our donors. This year we were also able to donate 140 pairs of shoes for the children of the school. Seeing the joy and excitement of the children in the photos brought our team so much happiness and served as a reminder of why we do this important work.

Money Donated \$2563

2023 Projects

03.

Save the Children Federation- Earthquake Relief

On February 6, 2023, a powerful 7.8-magnitude earthquake struck southeast Turkey near the Syrian border, followed by numerous aftershocks. The earthquake worsened the already dire situation in Syria, impacting approximately 3.7 million children affected by the ongoing war. In response, Bringing Life Home made a \$500 donation to Save the Children Federation to support relief efforts and aid those in need.
